Alabama Course of Study: Science v PREFACE The Alabama Course of Study: Science (Bulletin 2005, No. 20) provides the framework for the K-12 science education program in Alabama's public schools. Content standards in this document are minimum and required (Code of Alabama, 1975, §16-35-4). They are fundamental and specific but not exhaustive.

Alabama Course of Study: Science

Assessments should contain questions that require deep critical thinking and writing, rather than standard multiple-choice. Assessments are also meant as a means to allow educators to deepen their understanding of student progress from grade to grade, and to identify and address gaps in progress early.
