Air conditioners, heat pumps including geothermal and packaged products. Look on the back of your unit, and you'll find the model number listed on a silver series rating-plate located above the service valve connections. If your heat pump is geothermal, the model information should be easily found on the front of the unit. Gas or oil furnace

### Product Literature | Carrier Residential

The same goes with air conditioners. And, understanding the value of air conditioner maintenance means understanding a little more about how your air conditioning unit works. In most cases, your central air conditioner is actually a system that includes an indoor unit and an outdoor unit connected by copper tubing and electrical wiring.
