Finders Keepers Belinda Bauer

Finders Keepers is the third book in a trilogy set in a rural area in England close to Exmoor National Park. Really enjoyed the first two books, but when I hit the 2/3 mark of Finders Keepers the story went in a direction that does not work for me. The two star is a personal enjoyment ranking, not a reflection of Belinda Bauer's writing.

The people of Shipcott have been through a lot in the first three of Belinda Bauer's books and I presume this particular series will not be continued further. Would you listen to Finders Keepers again? Why? Yes. Belinda Bauer's thriller is not a who-done-it, the perpetrator is made clear early in the novel, but an unsettling psychological study of captor and captive. The motivations and reactions of each character is excellently captured and I would be happy to read about their development again.
