Manuscript Of Ancient Chinese Healing

Traditional Chinese medicine (TCM), system of medicine at least 23 centuries old that aims to prevent or heal disease by maintaining or restoring yinyang balance. China has one of the world's oldest medical systems. Acupuncture and Chinese herbal remedies date back at least 2,200 years, although the earliest known written record of Chinese medicine is the Huangdi neijing (The Yellow Emperor's Inner Classic) from the 3rd century bce.

The Dunhuang manuscripts are a cache of important religious and secular documents discovered in the Mogao Caves of Dunhuang, China, in the early 20th century. Dating from late 4th to early 11th centuries, the manuscripts include works ranging from history and mathematics to folk songs and dance. There are also many religious documents, most of which are Buddhist, but other religions including Daoism, Nestorian Christianity and Manichaeism are also represented. The majority of the manuscripts are
