Little green men is the stereotypical portrayal of extraterrestrials as little humanoid-like creatures with green skin and sometimes with antennae on their heads. The term is also sometimes used to describe gremlins, mythical creatures known for causing problems in airplanes and mechanical devices. Today, these creatures are more commonly associated with an alleged alien species called greys ...

Little green men - Wikipedia

The Green Man, and very occasionally the Green Woman, is a legendary being primarily interpreted as a symbol of rebirth, representing the cycle of new growth that occurs every spring. The Green Man is most commonly depicted in a sculpture, or other representation of a face which is made of, or completely surrounded by, leaves. The Green Man motif has many variations. Branches or vines may sprout from the mouth,
