Adding WordPress Footnotes. What if you wanted to add a reference to an author. You would put: [efn\_note]Author's Name[/efn\_note]. Note: If you are using the Gutenberg editor you can either add the shortcode into a traditional text block or you can use a shortcode block. I personally recommend the text block because footnotes are a part of the text, but a shortcode block is an option.

Shreve points out the flaws of the South and notes that each and every one of them are completely irrelevant to him. However, the true reason why Shreve and Quentin cannot connect is in the following phrase "or have I got it backward and was it that your folks that are free and the niggers that lost?" (289).
