I wanted to replicate this type of setting and language in The Feedback Loop Book One, placing the main character, Quantum, in a vice-ridden fleshpot of a world called The Loop. The language in the book is especially important to me. My editor, George C. Hopkins, and I have spent long hours peppering the book with forgotten sayings, 1930s slang, hard-boiled detective verbiage and ultra obscure film references. Look for them and bask in their obscurity if you find them.

The Feedback Loop, Book 1 By: Harmon Cooper Narrated by: Jeff Hays I loved this book! It was like he was trapped in a game but was he?...exciting twist and turns..It was fun trying to figure things out with him! Lots of action, great fight scenes, suspense, and real fun mixed with humor. Narration was perfect since it has Jeff Hays!

The Feedback Loop is a love letter to the past 30 years of pop culture in the vein of Ready Player One and shines all the brighter for it. I cannot recommend this book and the subsequent series enough, just be ready for a seriously surrealist journey.
