When I checked in Windows 8, I couldn't find any option to unassociate a file type from its default program. There are options to associate that file type with a different program but no option to remove an associated program for a file type completely. However, there is a workaround to unassociate a program for a file type completely.

How do I DISassociate a file type? - Microsoft Community
The paf file extension is related to the Ensoniq PARIS audio format.. The paf file contains 16, 24-bits, mono, stereo audio data.. Seems to be obsolete format. No further information could be found. This paf file type entry was marked as obsolete and no longer supported file format.. This type of file is no longer actively used and is most likely obsolete.

Open paf file - Ensoniq PARIS audio format
As sdsinc_ has pointed out, CF (server-side) doesn't have access to a user's computer (client-side) so can't "see" the path of the file being uploaded. And if you are concerned about your server's disk I/O (like I am), you can actually upload the file without saving it to a particular location.

Solved: How to get file path from <cfinput type="file ...
We don't support the file type you tried to import. Galen007 8 months ago Having an issue uploading my activity to Garmin Connect (recorded with a Forerunner 35; it didn't automatically sync when paired to my phone via bluetooth, so I tried manually uploading the activity but I hit the 'We don't support the file type you tried to import).

We don't support the file type you tried to import ...
Public Assistance Reporting Information System (PARIS) PARIS is a data matching service matching recipients of public assistance to check if they receive duplicate benefits in two or more states. PARIS matches help identify improper payments and minimize fraud and abuse. Next PARIS Match: Friday, August 14, 2020.

I have a large number of files that I need to convert, and when I use the Export function, it defaults to PDF. I want it to default to CSV. Is there any way to change that? I know I can change the default Save file type in the Options, but I don't see anywhere to change the export. I'm using the Office 16 desktop client.

How can I change the default Export file type? - Microsoft ...
